6. The successful tenderer or tenderers are required to enter into an agreement with the District Forest Officer within a week of intimation given to him or them binding to observe the following conditions in default of which the contract is liable to be cancelled and the earnest money forfeited to Government. In fulfilment of the terms of contract he or they shall deposit in the Government Savings Bank a sum of Rs. 200 in the name of the District Forest Officer. This amount is liable to be forfeited to Government for the breach of any or all the conditions of agreement and the contract cancelled.

7. The earnest money of the successful tenderer will be retained as a portion of security for the fulfilment of the terms of contract after the bond is executed and of others returned to the parties concerned.

Conditions.

(*a*) The contractor shall fell fuel, within the limits of the coupes of the forests noted above (para 5 *supra*).

(*b*) The following kinds of fuel green and dry are generally accepted; such as:—Ankole, Bikke, Chujulu, Devadari, Goravi, Hedarni, Hale, Ijjee, Jagalagunti, Metli, Gobli and other hard fuel kinds.

(*c*) The contractor shall not enter the forest for felling the fuel without a permit in this behalf granted by a Forest Officer.

(*d*) All felled fuel should be sawn into billets of the following size at Mysore in the place to be appointed by the District Forest Officer. Length 18 inches to 24 inches: diameter 3 to 8 inches. Billets below the minimum size will not be accepted. The billets should as far as possible be straight and free from knots or forks.

(*e*) All billeted fuel shall be carted to the Mysore Sandal Factory by the contractor under passport issued by the Forest Officers and must be built at places specified by the District Forest Officer into stacks of rectangular shape, the sides being vertical and straight and the top level. The billets must be laid evenly, straight and close and must be packed up properly with no holes intervening.

(*f*) The stacks are to be built of such dimensions that the cubical contents of each is 68 cubic feet or a multiple of the same, *viz*:—

17 ft. × 8 ft. × 5 = 680 c. ft. or 10 tons.
34 ft. × 20 ft. × 5 = 3,400 c. ft. or 50 tons.

All stacks must be 5 feet high.

(*g*) Sixty-eight cubic feet of closely stacked wood will be reckoned as equivalent to 1 ton and the rate for supply to be offered is for a ton of 68 cubic feet of fuel.

(*h*) All fuel carted to the Mysore Sandal Oil Factory and stacked there in the appointed place will lie at the risk of the contractor until the same is measured and accepted by the department.

(*i*) Payment will be made by the District Forest Officer or by such officer as is deputed by him upon measurement of lots and delivery of the same to the department at the contracted rates.

(*j*) Fuel stacks defective in packing and in other respects are liable to be rejected. Such stacks have either to be rebuilt for being passed in the time that will be given by the District Forest Officer failing which it will be confiscated and taken over to the Government.

(*k*) The contractor shall begin the supply from 1st October 1918 and complete it by the end of June 1919 and shall also assure 1/5 of the tendered quantity each month. The quantity of fuel to be supplied to the factory in each month is 700 tons.

(*l*) The Conservator of Forests shall be the final authority in all matters of dispute regarding this contract.

(*m*) The contractor shall not fell trees of reserved kinds, fruit trees or trees bearing Minor Forest Products. He shall not also cut trees marked as standards and seedlings and saplings under 1 foot in girth.

(*n*) That he shall agree to abide by the rules of the department as regards kindling of fires and hold himself responsible for any offence committed by him or his agents, employees, workmen, etc.

(*o*) That the earnest money will be returned in full three months after the expiry of the contract period if the whole or any part thereof is not forfeited to Government by the violation of any of the terms of agreement.

(p) The quantity of firewood to be tendered for will be about 5,000 tons, the yield of all the above noted coupes.

(q) All rejected firewood will be given over to the contractor after recovering from him, a rupee a ton. Or if so desired the same will be auctioned departmentally and the sale proceeds given over to the contractor recovering from him one rupee a ton as seigniorage.

The coupes enumerated in para 5 *supra* are all situated 39 to 43 miles from Mysore Sandal Oil Factory.
